

## SCULPTRA® AESTHETIC IS HERE!

There's a lot of buzz about this new product online, in the major print publications and on national television. Infinity Skin Care & Spa is proud to be one of the first providers in Iowa to offer this unique injectable product. Age doesn't have to look the way it used to. It's more subtle. More gradual. Introducing Sculptra Aesthetic. Not an overnight miracle. Long lasting. Not a quick-fix. The first facial injectable that gives you subtle results over time. It works to replace lost collagen and give you a more natural-looking appearance, without giving you away. A full treatment of Sculptra Aesthetic, an average of three injection sessions over a few months, can last up to two years.\* Sculptra is not like other injectable fillers that provide instant results, this one provides subtle results over the span of a few months. **Welcome to the new age of anti-age.** Dr. Schulz and her staff will help you determine if Sculptra is a fit for your personalized skin care plan. Would you like to learn about Sculptra? **Schedule a Sculptra skin care consultation today.**

*\*Individual results and treatment sessions may vary. \*\*Safety and effectiveness of Sculptra Aesthetic have not been evaluated in areas other than nasolabial wrinkles and folds in clinical trials.*
